Dear Tom:

The attached card belongs to a representative of this Colombian re-refining firm. They were in Salt Lake to talk with us about Utah's new re-refining law which encourages use of used oil. Mr. Katz is interested in obtaining Fullers Earth from this country and appears to be willing to pay the high cost. I know that you will be interested in that. Also, you should be considering how to take commercial advantage of the new State Law. It looks like there will be a greater need for Fullers Earth in Utah. If you feel that I could help, give me a call.

Best personal regards to you and Neal.

Sincerely,

BRIAN W. BUCK
